Autumn term 2, Year 1

Geography – Weather

Prior knowledge

In EYFS, children have observed the environment around them and talked about weather and seasons.

Core knowledge

- A map shows where different countries are.
- Land is green, ocean is blue.
- We have many different types of weather.
- There are four seasons – spring, summer, autumn and winter.
- Heatwaves and floods are examples of extreme weather.

Key skills

- I can identify different types of weather.
- I can describe the weather in different seasons.

Vocabulary

ocean/sea	foggy	icy	season
land	snowy	rain	spring
weather	hail	thunder	summer
forecast	cloudy	lightning	autumn
	sunny	flood	winter
		heatwave	

Learning outcomes

- I can identify seasonal and daily weather patterns in the UK.
- I can use geographical vocabulary to refer to weather.
- I can use maps and globes to identify land and sea.
